

# Design and Technology Curriculum

## (Two Year Programme of Study)

**To develop the creative, technical and practical expertise needed to perform everyday tasks confidently and to participate successfully in an increasingly technological world**

	Key Stage 1	Lower Key Stage 2	Upper Key Stage 2
<b>Design</b>	<p><u>Year A</u> To work confidently within a range of contexts, such as imaginary, story-based, home, school, gardens, playgrounds, local community, industry and the wider environment</p> <ul style="list-style-type: none"> <li>• state what products they are designing and making</li> <li>• say whether their products are for themselves or other users</li> <li>• describe what their products are for</li> <li>• say how their products will work</li> <li>• say how they will make their products suitable for their intended users</li> <li>• use simple design criteria to help develop their ideas</li> </ul>	<p><u>Year A</u> To work confidently within a range of contexts, such as the home, school, leisure, culture, enterprise, industry and the wider environment</p> <ul style="list-style-type: none"> <li>• describe the purpose of their products</li> <li>• indicate the design features of their products that will appeal to intended users</li> <li>• explain how particular parts of their products work</li> </ul> <p>To gather information about the needs and wants of particular individuals and groups</p> <ul style="list-style-type: none"> <li>• develop their own design criteria and use these to inform their ideas</li> </ul>	<p><u>Year A</u> To work confidently within a range of contexts, such as the home, school, leisure, culture, enterprise, industry and the wider environment</p> <ul style="list-style-type: none"> <li>• describe the purpose of their products</li> <li>• indicate the design features of their products that will appeal to intended users</li> <li>• explain how particular parts of their products work</li> </ul> <p>To carry out research, using surveys, interviews, questionnaires and web-based resources</p> <ul style="list-style-type: none"> <li>• identify the needs, wants, preferences and values of particular individuals and groups</li> <li>• develop a simple design specification to guide their thinking</li> </ul>
	<p><u>Year B</u> To generate ideas by drawing on their own experiences</p> <ul style="list-style-type: none"> <li>• use knowledge of existing products to help come up with ideas</li> <li>• develop and communicate ideas by talking and drawing</li> <li>• model ideas by exploring</li> </ul>	<p><u>Year B</u></p> <ul style="list-style-type: none"> <li>• share and clarify ideas through discussion</li> <li>• model their ideas using prototypes and pattern pieces</li> <li>• use annotated sketches, cross-sectional drawings and exploded diagrams to develop and communicate their ideas</li> </ul>	<p><u>Year B</u></p> <ul style="list-style-type: none"> <li>• share and clarify ideas through discussion</li> <li>• model their ideas using prototypes and pattern pieces</li> <li>• use annotated sketches, cross-sectional drawings and exploded diagrams to develop and communicate their ideas</li> </ul>

	<p>materials, components and construction kits and by making templates and mockups</p> <ul style="list-style-type: none"> <li>• use information and communication technology, where appropriate, to develop and communicate their ideas</li> </ul>	<ul style="list-style-type: none"> <li>• use computer-aided design to develop and communicate their ideas</li> </ul> <p>To generate realistic ideas, focusing on the needs of the user</p> <ul style="list-style-type: none"> <li>• make design decisions that take account of the availability of resources</li> </ul>	<ul style="list-style-type: none"> <li>• use computer-aided design to develop and communicate their ideas</li> </ul> <p>To generate innovative ideas, drawing on research</p> <p>To make design decisions, taking account of constraints such as time, resources and cost</p>
<b>Aim</b>	<b>KEY STAGE 1</b>	<b>LOWER KEY STAGE 2</b>	<b>UPPER KEY STAGE 2</b>
<b><u>Make</u></b>	<p><u>YEAR A</u></p> <ul style="list-style-type: none"> <li>• plan by suggesting what to do next</li> <li>• select from a range of tools and equipment, explaining their choices</li> <li>• select from a range of materials and components according to their characteristics</li> </ul>	<p><u>YEAR A</u></p> <p><i>Across KS2 pupils should:</i></p> <ul style="list-style-type: none"> <li>• <i>select tools and equipment suitable for the task</i></li> <li>• <i>explain their choice of tools and equipment in relation to the skills and techniques they will be using</i></li> <li>• <i>select materials and components suitable for the task</i></li> <li>• <i>explain their choice of materials and components according to functional properties and aesthetic qualities</i></li> </ul> <p>To order the main stages of making</p>	<p><u>YEAR A</u></p> <p><i>Across KS2 pupils should:</i></p> <ul style="list-style-type: none"> <li>• <i>select tools and equipment suitable for the task</i></li> <li>• <i>explain their choice of tools and equipment in relation to the skills and techniques they will be using</i></li> <li>• <i>select materials and components suitable for the task</i></li> <li>• <i>explain their choice of materials and components according to functional properties and aesthetic qualities</i></li> </ul> <p>To produce appropriate lists of tools, equipment and materials that they need</p> <p>To formulate step-by-step plans as a guide to making</p>
	<p><u>YEAR B</u></p> <p>follow procedures for safety and hygiene</p> <ul style="list-style-type: none"> <li>• use a range of materials and components, including construction materials and kits, textiles, food ingredients and mechanical components</li> <li>• measure, mark out, cut and shape materials and components</li> <li>• assemble, join and combine</li> </ul>	<p><u>YEAR B</u></p> <p><i>Across KS2 pupils should:</i></p> <ul style="list-style-type: none"> <li>• <i>follow procedures for safety and hygiene</i></li> <li>• <i>use a wider range of materials and components than KS1, including construction materials and kits, textiles, food ingredients, mechanical components and electrical components</i></li> </ul> <p>To measure, mark out, cut and shape materials and components with some accuracy</p> <p>To assemble, join and combine materials and components with some accuracy</p>	<p><u>YEAR B</u></p> <p><i>Across KS2 pupils should:</i></p> <ul style="list-style-type: none"> <li>• <i>follow procedures for safety and hygiene</i></li> <li>• <i>use a wider range of materials and components than KS1, including construction materials and kits, textiles, food ingredients, mechanical components and electrical components</i></li> </ul> <p>To accurately measure, mark out, cut and shape materials and components</p> <p>To accurately assemble, join and combine materials and components</p>

	materials and components <ul style="list-style-type: none"> <li>• use finishing techniques, including those from art and design</li> </ul>	To apply a range of finishing techniques, including those from art and design, with some accuracy	To accurately apply a range of finishing techniques, including those from art and design To use techniques that involve a number of steps To demonstrate resourcefulness when tackling practical problems
<b>Aim</b>	<b>Key Stage 1</b>	<b>Lower Key Stage 2</b>	<b>Upper Key Stage 2</b>
<b><u>Evaluate</u></b>	<u>YEAR A</u>  To talk about their design ideas and what they are making To make simple judgements about their products and ideas against design criteria To suggest how their products could be improved	<u>YEAR A</u>  <i>Across KS2 pupils should:</i> <ul style="list-style-type: none"> <li>• identify the strengths and areas for development in their ideas and products</li> <li>• consider the views of others, including intended users, to improve their work</li> </ul> To refer to their design criteria as they design and make To use their design criteria to evaluate their completed products	<u>YEAR A</u>  <i>Across KS2 pupils should:</i> <ul style="list-style-type: none"> <li>• identify the strengths and areas for development in their ideas and products</li> <li>• consider the views of others, including intended users, to improve their work</li> </ul> To critically evaluate the quality of the design, manufacture and fitness for purpose of their products as they design and make To evaluate their ideas and products against their original design specification
	<u>YEAR B</u>  To explore <ul style="list-style-type: none"> <li>• what products are</li> <li>• who products are for</li> <li>• what products are for</li> <li>• how products work</li> <li>• how products are used</li> <li>• where products might be used</li> <li>• what materials products are made from</li> <li>• what they like and dislike about products</li> </ul>	<u>YEAR B</u>  <i>Across KS2 pupils should investigate and analyse:</i> <ul style="list-style-type: none"> <li>• how well products have been designed</li> <li>• how well products have been made</li> <li>• why materials have been chosen</li> <li>• what methods of construction have been used</li> <li>• how well products work</li> <li>• how well products achieve their purposes</li> <li>• how well products meet user needs and wants</li> </ul> <i>To know about inventors, designers, engineers, chefs and manufacturers who have developed</i>	<u>YEAR B</u>  <i>Across KS2 pupils should investigate and analyse:</i> <ul style="list-style-type: none"> <li>• how well products have been designed</li> <li>• how well products have been made</li> <li>• why materials have been chosen</li> <li>• what methods of construction have been used</li> <li>• how well products work</li> <li>• how well products achieve their purposes</li> <li>• how well products meet user needs and wants</li> </ul> <i>To know about inventors, designers, engineers, chefs and manufacturers who have developed</i>

		<p><i>ground-breaking products</i></p> <p>To investigate and analyse:</p> <ul style="list-style-type: none"> <li>• who designed and made the products</li> <li>• where products were designed and made</li> <li>• when products were designed and made</li> <li>• whether products can be recycled or reused</li> </ul>	<p><i>ground-breaking products</i></p> <p>To investigate and analyse:</p> <ul style="list-style-type: none"> <li>• how much products cost to make</li> <li>• how innovative products are</li> <li>• how sustainable the materials in products are</li> <li>• what impact products have beyond their intended purpose</li> </ul>
<b>Aim</b>	<b>Key Stage 1</b>	<b>Lower Key Stage 2</b>	<b>Upper Key Stage 2</b>
<b><u>Technical Knowledge</u></b>	<p><u>YEAR A</u></p> <p>To learn about the simple working characteristics of materials and components</p> <ul style="list-style-type: none"> <li>• about the movement of simple mechanisms such as levers, sliders, wheels and axles</li> <li>• how freestanding structures can be made stronger, stiffer and more stable</li> </ul>	<p><u>YEAR A</u></p> <p><i>Across KS2 pupils should know:</i></p> <ul style="list-style-type: none"> <li>• <i>how to use learning from science to help design and make products that work</i></li> <li>• <i>how to use learning from mathematics to help design and make products that work</i></li> <li>• <i>that materials have both functional properties and aesthetic qualities</i></li> <li>• <i>that materials can be combined and mixed to create more useful characteristics</i></li> <li>• <i>that mechanical and electrical systems have an input, process and output</i></li> <li>• <i>the correct technical vocabulary for the projects they are undertaking</i></li> </ul> <p>To know how mechanical systems such as levers and linkages or pneumatic systems create movement</p> <ul style="list-style-type: none"> <li>• how simple electrical circuits and components can be used to create functional products</li> <li>• how to program a computer to control their products</li> <li>• how to make strong, stiff shell structures</li> </ul>	<p><u>YEAR A</u></p> <p><i>Across KS2 pupils should know:</i></p> <ul style="list-style-type: none"> <li>• <i>how to use learning from science to help design and make products that work</i></li> <li>• <i>how to use learning from mathematics to help design and make products that work</i></li> <li>• <i>that materials have both functional properties and aesthetic qualities</i></li> <li>• <i>that materials can be combined and mixed to create more useful characteristics</i></li> <li>• <i>that mechanical and electrical systems have an input, process and output</i></li> <li>• <i>the correct technical vocabulary for the projects they are undertaking</i></li> </ul> <p>To know how mechanical systems such as cams or pulleys or gears create movement</p> <ul style="list-style-type: none"> <li>• how more complex electrical circuits and components can be used to create functional products</li> <li>• how to program a computer to monitor changes in the environment and control their products</li> <li>• how to reinforce and strengthen a 3D framework</li> </ul>
	<p><u>YEAR B</u></p> <p>To know that a 3-D textiles product can</p>	<p><u>YEAR B</u></p> <p>To know that a single fabric shape can be used to</p>	<p><u>YEAR B</u></p> <p>To know that a 3D textiles product can be made from</p>

	be assembled from two identical fabric shapes <ul style="list-style-type: none"> <li>• that food ingredients should be combined according to their sensory characteristics</li> <li>• the correct technical vocabulary for the projects they are undertaking</li> </ul>	make a 3D textiles product <ul style="list-style-type: none"> <li>• that food ingredients can be fresh, pre-cooked and processed</li> </ul>	a combination of fabric shapes <ul style="list-style-type: none"> <li>• that a recipe can be adapted by adding or substituting one or more ingredients</li> </ul>
<b>AIM</b>	<b>KEY STAGE 1</b>	<b>KEY STAGE 2</b>	<b>KEY STAGE 2</b>
<b><u>Cooking and Nutrition</u></b>	<u>YEAR A</u> To know that all food comes from plants or animals  To name and sort foods into the five groups in The Eat Well Plate  To know that everyone should eat at least five portions of fruit and vegetables every day  To prepare simple dishes safely and hygienically, without using a heat source	<u>YEAR A</u>  <i>Across KS2 pupils should know:</i> <ul style="list-style-type: none"> <li>• that food is grown (such as tomatoes, wheat and potatoes), reared (such as pigs, chickens and cattle) and caught (such as fish) in the UK, Europe and the wider world</li> </ul> <i>Across KS2 pupils should know:</i> <ul style="list-style-type: none"> <li>• how to prepare and cook a variety of predominantly savoury dishes safely and hygienically including, where appropriate, the use of a heat source</li> <li>• how to use a range of techniques such as peeling, chopping, slicing, grating, mixing, spreading, kneading and baking</li> </ul>	<u>YEAR A</u>  <i>Across KS2 pupils should know:</i> <ul style="list-style-type: none"> <li>• that food is grown (such as tomatoes, wheat and potatoes), reared (such as pigs, chickens and cattle) and caught (such as fish) in the UK, Europe and the wider world</li> </ul> <i>Across KS2 pupils should know:</i> <ul style="list-style-type: none"> <li>• how to prepare and cook a variety of predominantly savoury dishes safely and hygienically including, where appropriate, the use of a heat source</li> <li>• how to use a range of techniques such as peeling, chopping, slicing, grating, mixing, spreading, kneading and baking</li> </ul> To understand that seasons may affect the food available  To know how food is processed into ingredients that can be eaten or used in cooking

	<p><u>YEAR B</u></p> <p>To know that food has to be farmed, grown elsewhere (e.g. home) or caught</p> <p>To use techniques such as cutting, peeling and grating</p>	<p><u>YEAR B</u></p> <p>To know that a healthy diet is made up from a variety and balance of different food and drink, as depicted in The Eat Well Plate</p> <ul style="list-style-type: none"><li>• that to be active and healthy, food and drink are needed to provide energy for the body</li></ul>	<p><u>YEAR B</u></p> <p>To know that recipes can be adapted to change the appearance, taste, texture and aroma</p> <p>To understand different food and drink contain different substances – nutrients, water and fibre – that are needed for health</p>
