Staff development and sustainability

Rationale for actions: Our overall aim is to raise standards in curriculum P.E. and school sport believing that both contribute to the holistic development of all of our pupils. Through participation in high quality PE lessons and school sports, our pupils build and learn more about our Gospel values such as respect, courage and kindness - for themselves and others. As a result of investing in staff, we aim to provide higher quality lessons and improved learning for all.

Objective	Action	Projected Cost	Projected impact
To increase the confidence, knowledge and skills of all staff in teaching PE and sporting activities	Employ a PE coach to support teachers with planning and delivering high quality PE lessons	£11,025.	Providing 2 adults in PE lessons will allow teachers' opportunities to develop pupils' knowledge and skills. Two adults also allow a greater response to formative assessment strategies within a lesson. Where pupils have not yet mastered a skill, the teacher can identify this and deploy the coach to concentrate on developing those skills quickly, ensuring pupils catch up quickly. The sports coach is providing a valuable resource of knowledge and skills which is providing the teachers with weekly CPD opportunities to develop their own teaching skills and ideas. One weekly lunch time session to support and train lunch time staff with active sessions for pupils across school. One hour weekly support and training for active sessions for pupils attending Breakfast Club.
